SHUAI ZHANG

044-908-6684 ⋄ shuai.zhang@student.unsw.edu.au

K17, CSE, UNSW, Sydney, NSW 2052, Australia

Homepage: www.cse.unsw.edu.au/∼z5122282

EDUCATION

University of New South Wales   *Nov.2016-Present*

Ph.D candidate in School of Computer Science and Engineering

Research Area: Recommendation System for the Web of Things based on Big Data

Supervisors: Lina Yao, Xiwei(Sherry) Xu and Liming Zhu

Nanjing University   *Sept.2010-Jul.2014*

Bachelor in Information Management and Information System

Thesis Title: Research on Semantic Web based Question Answering System for Library Linked Data

Advisor: Prof. Shiyan Ou

EXPERIENCE

Data61, CSIRO   *Nov.2016-Present*

Ph.d Student

· Research Area: Building large scale, distributed recommender systems over IoT platforms
· Advisors: Xiwei(Sherry) Xu and Liming Zhu

OPPO Mobile Telecommunications Corp Ltd.   *Jul.2014-Jun.2016*

Software Engineer

· Android mobile applications development.
· Designed and developed Android widgets
· Bug fixing and documented architecture & implementation

PROFESSIONAL PROFILE

Programming Languages	Python, Java
Data Analysis Tools	PySpark, Tensorflow, Scikit-learn
Software Tools	Git, MATLAB, MySQL, PostgreSQL
Application Development	Android

SCHOLARSHIP AND AWARDS

UNSW Tuition Fee Scholarship, UNSW	*Nov.2016-2020*
Data61 Student Scholarship, Data61, CSIRO	*Nov.2016-2020*
Excellent Student, School of Information Management, Nanjing University	*Feb.2012*
People Scholarship, Nanjing University	*2011,2012,2013*

PUBLICATIONS

2014: Ou Shiyan, Hu Shan, **Zhang Shuai**. An Ontology & Linked Data Driven Semantic Integration Method of Library Information Resources and Its Evaluation[J]. Library and Information Service, 2014, 58(2)
